

Ultrasonic Hand Held Pistol Welder XSH 840

Xfurth Hand Welder XSH 840:

Our Ultrasonic hand welder incorporates a transducer with a maximum power output of 800 W and is compatible with our 400 & 800 watt 40kHz ultrasonic generators.

The very light and robust aluminium pistol handle, is designed for ease of use in manual welding applications.

Typical applications include staking of plastic pegs to retain another part or spot welding of two plastic parts.

The 5m long cable enables easy access to difficult welding areas (longer cable can be supplied on request).

Model	XSH 840
Mains supply voltage	230v \pm 10% 50/60Hz
Power consumption	950 VA
Input capacity	400 & 800 W
Working frequency	40kHz
Transducer	Piezo ceramic
Sonotrode fixing screw	M8 x 1.25
Weight	1125g
